

BROOKFIELD PLACE

SYDNEY

WORKS NOTIFICATION November 2020

Hoarding section removal on George Street – temporary station entry/exit closures.

To facilitate the safe removal of a section of hoarding on the Brookfield Place development at Wynyard Station on George Street, the George Street entry/exit to the station will be temporarily closed over four nights between **8:00pm and 4:30am** starting on **Monday 30 November, Tuesday 1 December, Wednesday 2 December and Thursday 3 December 2020.**

To minimise community impacts, these works will coincide with Sydney Light Rail maintenance works that require temporary traffic changes on George Street.

During the temporary station access closures, commuters and station users will be redirected via station announcements and signage. Wayfinding staff will also provide assistance and directions to the following alternate entry/exit points:

- The lifts and escalators from the Wynyard Station concourse and at the Carrington and York street entry/exits
- The Barangaroo western tunnel connection on the western side of Wynyard Station.

Inside Wynyard Station, wayfinding staff dressed in easily identifiable yellow and black 'Ask Me' wayfinding t-shirts will be located on the station concourse and at the Carrington and York Street entrances to provide assistance and directions to alternate entry/exit points. There will also be wayfinding staff located outside on George Street, at the closed station entry/exit.

A section of the footpath on George Street will be closed and signage will be in place to direct and assist pedestrians around the work site.
